NOTICE

Public Meeting to Review ELARC Caseload Ratio Plan of Correction
June 10, 2014
6:00 P.M.
ELARC Boardroom
1000 S. Fremont Avenue, Alhambra, CA 91803

On June 10, 2014, as part of the regular Eastern Los Angeles Regional Center (ELARC) Board Meeting, the ELARC Caseload Ratio Plan of Correction will be reviewed. Public input on the plan may be submitted in writing, contact information below. Input will also be taken at this meeting.

As of March 1, 2014, ELARC did not meet the required average caseload ratio of 66:1 for consumers in the “All Others” category. There are a total five categories requiring varying caseload ratios. ELARC met four of the five required ratios as mandated by Welfare and Institutions Code (WIC) Section 4640.6(c). The following figures reflect the actual and required ratios for ELARC as of March 1, 2014.

	Medicaid Waiver	Age 36 Mo. and Under	Moved from DC since 4/14/93	Moved from DC Within Last 12 months	All Others
Actual Ratio	62.0	59.6	48.9	28.8	77.9
Required Ratio	62	62	62	45	66

ELARC Caseload Ratio Plan of Correction

The cause for non-compliance with the 66:1 ratio category is due to insufficient funds allocated to the Operations budget. A proposal promoted by the Lanterman Coalition to adjust operations funding by a 5% increase in the 2014-'15 Fiscal Year budget is needed to hire the necessary staff to meet the caseload ratio requirement.

Public input regarding the ELARC Caseload Ratio Plan of Correction must be received by June 10, 2014. Please mail, email, or fax your input to:
