## **Performance Report for Eastern Los Angeles Regional Center**

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Eastern Los Angeles Regional Center (ELARC) we served about 11,990 consumers. The charts on page two tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At ELARC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in nearly all areas in comparison to the state averages; for example, in the area of adults living at home. But, we still need to improve in "adults living in larger facilities." Due to recent movement of individuals from state institutions, individuals with high needs did move to some larger facilities. We anticipate a decrease in that number in the future and are committed to exceeding in all areas of the Performance Contract.

Our pledge is to institute operational measures that will make our partnership of greater value to you...our community of families/consumers and vendors. The Performance Contract involves those outcome areas that reflect our commitment to public policies regarding services to individuals with disabilities. We encourage you to be involved in the Performance Contract Process with us by participating in our annual public meeting or sending us your ideas and comments via mail, e-mail, or telephone. Specific information regarding the dates, times, and locations for public meetings is available at our website at [www.elarc.org](http://www.elarc.org).

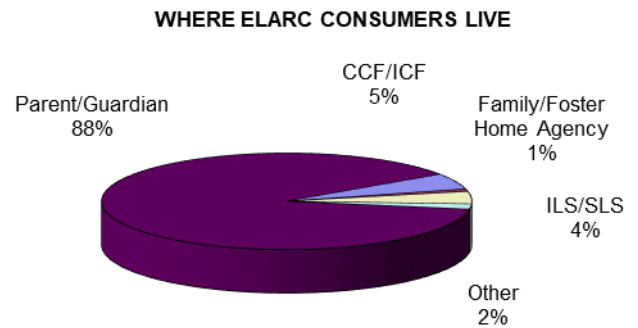

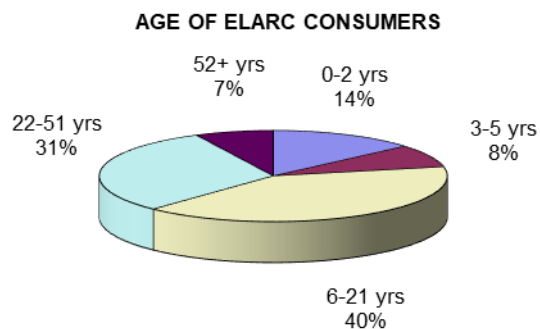

We hope this report helps you learn more about ELARC. If you have any questions or comments, please contact us!

## Who uses ELARC?

These charts tell you about who ELARC consumers are and where they live.

## How well is ELARC performing?

This chart tells you about five areas where DDS wants each regional center to keep improving.

The first column tells you how ELARC was doing at the end of 2017, and the second column shows how ELARC was doing at the end of 2018.

To see how ELARC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2017		December 2018	
	State Average	ELARC	State Average	ELARC
Fewer consumers live in developmental centers	0.21%	0.11%	0.12%	0.08%
More children live with families	99.32%	98.81%	99.38%	99.04%
More adults live in home settings	79.61%	86.15%	80.20%	86.22%
Fewer children live in large facilities (more than 6 people)	0.04%	0.09%	0.04%	0.03%
Fewer adults live in large facilities (more than 6 people)	2.47%	0.81%	2.31%	0.91%

Notes: 1) Consumers can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and consumers' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

## Did ELARC meet DDS standards?

Read below to see how well ELARC did in meeting DDS compliance standards:

Areas Measured	Last Period	Current Period
Passes independent audit	Yes	Yes
Passes DDS audit	Yes	Yes
Audits vendors as required	Met	Met
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about consumers, including diagnosis.)	96.62%	95.65%
Intake/Assessment timelines for consumers age 3 or older met	100%	100%
IPP ( <i>Individual Program Plan</i> ) requirements met	99.0%	N/A
IFSP ( <i>Individualized Family Service Plan</i> ) requirements met	92.3%	92.4%

Notes: 1) The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 2) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 3) The IFSP calculation methodology was changed from composite to average in order to more accurately reflect the RC's performance by only including children reviewed during monitoring and not all Early Start consumers. 4) N/A indicates that the regional center was not reviewed for the measure during the current period.

Compliance with state regulations is very important to ELARC. We will continue to comply with state regulations.

## How well is ELARC doing at getting consumers working?
