

ELARC Vendor Advisory Committee  
Election Candidate Information  
November 21, 2019

Name: Ann Moore  
Company: Roman Empire Living Skills  
Role: Regional Manager

I joined the Roman Empire team just recently, early in 2019. As Regional Manager, I focus on increasing the independence of adults with developmental disabilities and supporting teams of educators, coordinators and managers. Prior to my current role, I had the great pleasure and honor of having 19-year career with the North Los Angeles Regional Center as a Consumer Services Supervisor, a Quality Assurance Specialist and, most recently, Federal Resource Specialist. Prior to my years with the Regional Center, I served in numerous roles as a Counselor, Therapist and Program Director for organizations such as the YMCA, Star View Adolescent Center and the Richstone Family Center. Throughout my 30-year career, I have dedicated myself to the support of families, the betterment of communities and the empowerment of the developmentally disabled.

I am honored to be nominated as Chair of the ELARC Leadership Committee. I think my experience and enthusiasm will be of great benefit to our efforts.

Thank you

Ann Moore

ELARC Vendor Advisory Committee  
Election Candidate Information  
November 21, 2019

Name: Lisa Peterson

Company: Shield HealthCare – Medical Supplies

Role: Manager of the Regional Center Team

I have been with Shield HealthCare since 2014. Prior to Shield HealthCare, I was in the Software and Telecommunications industry. My 30 years' experience has been primarily in Operations as a People Leader. I have enjoyed learning about the healthcare industry and more importantly learning about the people we serve. It has truly made a difference in how I look at the world we live in. My personality leans heavy on the advocacy side and although I may not have face to face contact with our customers, I strive to make their lives better by making it easy for their caregivers to get the supplies they need. With my professional experience, I feel like I add value to this VAC.

I enjoy volunteering with the Leadership Committee monthly on the Agenda Preparation call. I hope to bring ideas and share my passion of people. I want to support and inspire others to be the best they can be.

Thank you for the nomination and consideration for Vice Chair.

Name: Joel Moreno

Company: Maxim Healthcare Services

Role: Recruiter

I have been working as a Recruiter at Maxim Healthcare Services since 2017. Prior to Maxim Healthcare Services, I was finishing my Bachelors of Science at UCLA. In our Alhambra Branch, we provide Respite and Personal Assistance services to the consumers of ELARC. I recruit the providers and match them to the appropriate families so that they can build strong, lasting relationships with each consumer.

In the Secretary role, I hope to connect with the ELARC community, learn more about the Vendor Advisory Committee and contribute to enhanced services for consumers.
