**Come join us to learn about the different
types of person centered plans you can create!**

Person-centered planning is about one's future and reaching their goals. The process should be driven by the person and reflect what is important to and for that person.

Person-centered planning can include other people, such as family or friends, only if one chooses to include them in the process.

**In this workshop, you will learn about:
Why person centered plans matter and the
basic elements of all person centered plans**

**Interpretation will be available in Spanish,
Cantonese, Mandarin, and Korean
upon request**

**Seating is limited, please RSVP to:
