Come join us to learn about the different types of person centered plans you can create!

In this workshop, you will learn about:
Why person centered plans matter and the basic elements of all person centered plans

Person-centered planning is about one's future and reaching their goals. The process should be driven by the person and reflect what is Important to and for that person.

Person-centered planning can include other people, such as family or friends, only if one chooses to include them in the process.
