Service Provider Updates

Alternative Nonresidential Services

The Department of Developmental Services issued a [directive](#) on August 31st that outline policies and procedures for utilizing alternative nonresidential services during the COVID-19 State of Emergency. This model will go into effect September 1, 2020. To allow a service provider to bill for Alternative Services effective September 1, 2020, DDS requires that service providers submit to Eastern Los Angeles Regional Center (ELARC) the DDS [Certification of Alternative Nonresidential Services](#) prior to billing for September services. This replaces all previous certifications requested by ELARC. [Read the full correspondence with important deadlines here](#) . Additionally, [ELARC is requiring providers complete the Alternative Services Engagement Log](#).
