START

Crisis Support Services Training For Providers

Easterseals Southern California START (Systemic, Therapeutic, Assessment, Resource, Treatment) services offer resources and crisis support to individuals experiencing crisis with a history of a neurodevelopmental disability and mental health concerns. Crisis support services will be delivered using the evidenced-based START service model created by the University of New Hampshire National Center for START Services (NCSS).

Come Learn About How **START** Works With The ELARC Service Provider Community

START can provide:

- Engagement of the consumer's system of support around crisis intervention, prevention, and stabilization
- Collaboration with providers in the community such as but not limited to school staff, Managed Care Organization (MCO) care coordinators, mobile crisis teams, hospitals, and state facilities.
- Crisis intervention planning, linkages, and outreach, including the development of a Cross Systems Crisis Prevention and Intervention Plan
- On-site therapeutic coaching, if appropriate for crisis stabilization (not out of home respite)
- Medication review
- Comprehensive service evaluation
- Outreach and training to consumers, families and community partners
- 24-hour crisis response
