The National Core Indicators (NCI) is a survey that is used by many states to assess the outcomes of service provided to individuals with Intellectual/Developmental Disabilities and their families. Questions (called indicators) address key areas of concern.

Eastern Los Angeles Regional Center will be presenting on the latest result of the 2021/2022 3 Family Survey. Please join us to learn about how we can provide support for the individuals we serve and their families.

Interpretation to Spanish, Cantonese, Mandarin, Korean, Vietnamese, and American Sign Language (ASL) will be provided. If you require interpretation for a different language, or if you have any other questions, please contact Brendali Maldonado at bmaldonado@elarc.org or (626) 248-4963
