

UCLA PEERS[®] for Preschoolers

Program for the Education and Enrichment of Relational Skills

Social Skills Group

for Young Children with Autism Spectrum Disorder (ASD)

A 16-week, parent-assisted social skills intervention program for children with ASD between the ages of 4 to 6 years. Children must speak consistently in phrases/sentences of 4 or more words. Parents attend separate sessions at the same time and are taught how to help their children to make and keep friends.

Enrollment is limited. Parent participation is required.

Your Child Will Learn How To

- ◆ Listen and follow directions
- ◆ Ask for and use friends' names
- ◆ Greet friends
- ◆ Share and give turns to friends
- ◆ Ask for turns during play
- ◆ Cool down when upset during play
- ◆ Be flexible, cooperative during play
- ◆ Be a good sport
- ◆ Sustain play interactions
- ◆ Ask friends to play
- ◆ Join ongoing game play
- ◆ Transition to new play activities
- ◆ Ask for help and help friends
- ◆ Maintain appropriate body boundaries
